Peter Lorie

The Complete Prophecies of Nostradamus Nostradamus, 2022-08 Nostradamus (Michel de Nostradame) was born on December 14, 1503 in St. Remy, Provence, France. Nostradamus came from a long line of Jewish doctors and scholars. He is considered by many as one of the most famous and important writers of history prophecies. He is famous mainly for his book 'The Prophecies,' consisting of quatrains in rhyme. Supporters of the trustworthiness of these prophecies attribute to Nostradamus the ability to predict an incredible number of events in world history, including the French Revolution, the Atomic bomb, the rise to power of Adolf Hitler and the attacks of 11 September 2001. However, no one has ever proved that Nostradamus's quatrains can provide reliable data for the foreseeable future. Nostradamus had the visions which he later recorded in verse while staring into water or flame late at night, sometimes aided by herbal stimulants, while sitting on a brass tripod. The resulting quatrains (four line verses) are oblique and elliptical, and use puns, anagrams and allegorical imagery. Most of the quatrains are open to multiple interpretations, and some make no sense whatsoever. Some of them are chilling, literal descriptions of events, giving specific or near-specific names, geographic locations, astrological configurations, and sometimes actual dates. It is this quality of both vagueness and specificity which allows each new generation to reinterpret Nostradamus.

Nostradamus Mario Reading, 2015-06-09 Featuring updated author commentaries, this is an internationally bestselling selection of the famous seer's most relevant prophecies. Nostradamus is widely known as the greatest diviner and visionary who ever lived. In the whole of publishing history, only the Bible has sold more copies than his prophecies, which have been in print since his death in the 16th century. Using a revolutionary new analysis of the secret dating of Nostradamus's prophecies, *The Complete Prophecies for The Future* reveals startling new interpretations, offering answers to relevant questions: Is the demise of the British monarchy inevitable? Will there be a Global War—and, if so, what will this mean for the world's climate? Nostradamus predicted the Twin Towers disaster of 9/11, the 2003 Iraq War, Hurricane Katrina, the devastating tsunamis of 2004/2005—and he foretold the future for decades to come. Thanks to Mario Reading's groundbreaking translations and sharp, knowledgeable commentaries, readers can now scan the future history of the 21st century—before it happens.

Nostradamus Denis Crouzet,2018-03-16 One of the most enigmatic figures in history, Nostradamus - apothecary, astrologer and soothsayer - is a continual source of fascination. Indeed, his predictions are so much the stock-in-trade of the wildest merchants of imminent Doom that one could be forgiven for forgetting that Michel de Nostredame, 1503-1566, was a figure firmly rooted in the society of the French Renaissance. In this bold new account of the life and work of Nostradamus, Denis Crouzet shows that any attempt to interpret his Prophecies at face value is misguided. Nostradamus was not trying to predict the future. He saw himself, rather, as 'prophesying', i.e. bringing the Word of God to humankind. Like Rabelais, for whom laughter was a therapy to help one cope with the misery of the times, Nostradamus thought of himself as a physician of the soul as much as of the body. His unveiling of the menacing and horrendous events which await us in the future was a way of frightening his readers into the realisation that inner hatred was truly the greatest peril of all, to which the sole remedy was to live in the love and peace of Christ. This inspired interpretation penetrates the imaginative world of Nostradamus, a man whose life is as mysterious as his writings. It shows him in a completely new dimension, securing for him a significant place among the major thinkers of the Renaissance.

The pair embark on a terrifying chase through the ancient

Romany encampments of France in a quest to locate the missing verses. If they are successful, life will never be the same for Sabir, Bale - or the rest of the world.

Writings of Nostradamus Nostradamus,2019-09-04 Greetings and happiness to Cesar Nostradamus my son. Your late arrival, Cesar Nostredame, my son, has made me spend much time in constant nightly reflection so that I could communicate with you by letter and leave you this reminder, after my death, for the benefit of all men, of which the divine spirit has vouchsafed me to know by means of astronomy. And since it was the Almighty's will that you were not born here in this region and I do not want to talk of years to come but of the months during which you will struggle to grasp and understand the work I shall be compelled to leave you after my death: assuming that it will not be possible for me to leave you such writing as may be destroyed through the injustice of the age. The key to the hidden prediction which you will inherit will be locked inside my heart. Also bear in mind that the events here described have not yet come to pass, and that all is ruled and governed by the power of Almighty God, inspiring us not by bacchic frenzy nor by enchantments but by astronomical assurances: predictions have been made through the inspiration of divine will alone and the spirit of prophecy in particular. On numerous occasions and over a long period of time I have predicted specific events far in advance, attributing all to the workings of divine power and inspiration, together with other fortunate or unfortunate happenings, foreseen in their full unexpectedness, which have already come to pass in various regions of the earth. Yet I have wished to remain silent and abandon my work because of the injustice not only of the present time but also for most of the future. I will not commit to writing.
