The Oxford Book of American Short Stories Joyce Carol Oates, 1992 This volume offers a survey of American short fiction in 59 tales that combine classic works with 'different, unexpected gems', which invite readers to explore a wealth of important pieces by women and minority writers. Authors include: Amy Tan, Alice Adams, David Leavitt and Tim O'Brien.

Knockemstiff Donald Ray Pollock, 2008-03-18 More engaging than any new fiction in years. —Chuck Palahniuk An unforgettable work of fiction that peers into the soul of a tough Midwestern American town to reveal the sad, stunted but resilient lives of its residents. *Knockemstiff* is a genuine entry into the literature of place. Spanning a period from the mid-sixties to the late nineties, the linked stories that comprise *Knockemstiff* feature a cast of recurring characters who are irresistibly, undeniably real. A father pumps his son full of steroids so he can vicariously relive his days as a perpetual runner-up body builder. A psychotic rural recluse comes upon two siblings committing incest and feels compelled to take action. Donald Ray Pollock presents his characters and the sordid goings-on with a stern intelligence, a bracing absence of value judgments, and a refreshingly dark sense of bottom-dog humor.

The Classic Short Story, 1870-1925 Florence Goyet, 2014-01-13 The ability to construct a nuanced narrative or complex character in the constrained form of the short story has sometimes been seen as the ultimate test of an author's creativity. Yet during the time when the short story was at its most popular - the late nineteenth and early twentieth centuries - even the greatest writers followed strict generic conventions that were far from subtle. This expanded and updated translation of Florence Goyet's influential *La Nouvelle, 1870-1925: Description d'un genre à son apogée* (Paris, 1993) is the only study to focus exclusively on this classic period across different continents. Ranging through French, English, Italian, Russian and Japanese writing - particularly the stories of Guy de Maupassant, Henry James, Giovanni Verga, Anton Chekhov and Akutagawa Ryunosuke - Goyet shows that these authors were able to create brilliant and successful short stories using the very simple 'tools of brevity' of that period. In this challenging and far-reaching study, Goyet looks at classic short stories in the context in which they were read at the time: cheap newspapers and higher-end periodicals. She demonstrates that, despite the apparent intention of these stories to question bourgeois ideals, they mostly affirmed the prejudices of their readers. In doing so, her book forces us to re-think our preconceptions about this 'forgotten' genre.

100 Days of Sunlight Abbie Emmons,2019-08-07 When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she

can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's obnoxious optimism, convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons.
